

(Postgraduate) Working Student – Venture Finance (m/f/d)

Location: Erlangen, Munich or remote in Germany

Start: ASAP

Hours: 16-20 hrs/week

Limitation: Temporary position (6 months) with the possibility of extension

As part of our dedicated Venture Building team at New Ventures, you will have the chance to gain valuable hands-on experience and apply your financial knowledge in a global environment.

Your tasks:

- Supporting the valuation of our ventures with different methods (e.g. DCF, multiples, scorecard)
- Assisting in budgeting and financial planning processes
- Supporting the preparation of financial reports, statements, and presentations
- Assisting with financial analysis, including data collection, modelling and forecasting
- Conducting research on market trends, financial and industry analyses and benchmarks
- Collaborating with cross-functional teams on financial projects and initiatives

Your profile:

- (Soon) completed bachelor's degree and pursuing master's degree in finance, economics or a related field
- Strong background in finance, business planning, and valuation techniques as well as proficiency in financial modelling, and risk assessment
- First practical experience in the financial sector, at a management consultancy, audit firm or start-up
- Ability to work independently and as part of a team, with a proactive and results-driven mindset, attention to detail and excellent presentation abilities
- Familiarity with financial analysis tools and software and have strong analytical and quantitative skills with a solid understanding of financial principles
- Strong written and verbal communication skills in English; fluency in German is a strong asset, but not required (additional languages are a plus)

What You get with us:

A fantastic team of dynamic and experienced product managers and venture builders with diverse backgrounds and expertise

- A young company that combines the spirit and flexibility of a start-up with the advantages of an established corporate
- You are a full team member, directly involved in all processes and thus have the chance to apply your academic knowledge into practice and gain valuable experience
- Individual trainings to further develop your personal skills
- Shared team activities as well as mobile office and flexible working hours
